

Protective Body

What is it for?

to protect surgery wounds and injuries, e.g. after castration, and to speed up the wound healing process

Product Information

- machine wash at 60 °C
- material: cotton with elasthane

Please Note

- Do not leave pets unattended, particularly after an operation.
- Check the affected or injured body parts regularly.
- With male dogs, roll up the back part of the body for urinating. To do this, open the hook and loop fastener under the belly and attach the bib on the back with the hook and loop fastener.
